

To The FCC:

Sinclair Broadcast Group's 62 stations use public airwaves - my airwaves - free of charge and Sinclair is required by law to serve the public interest. High journalism standards serve the public interest; one-sided programs like "Stolen Honor" do not! Journalistically unbalanced programs are thus harmful to democracy.

Sinclair forcing its 62 stations to broadcast this unbalanced, biased anti-Kerry program and calling it a documentary is a clear example of the dangers of media consolidation. You are my FCC. I want you to tell Sinclair that it cannot air biased material over public airwaves. I want you to tighten your regulations to define and require the highest journalistic standards of the media who use my airwaves. I want you to strengthen media ownership rules so they are good for democracy and the people of this country - we who own the airwaves.
